BRICK BY BRICK 1 - PROJECT 1 UNITS 1 AND 2 Worksheet 1: Orientações e Gabarito

Activity 1

- Peça aos alunos que digam as cores as cores primárias *yellow*, *red* e *blue*. Depois pergunte como se formam as cores secundárias.
- Peça que pintem os dois primeiros círculos com as seguintes cores: 1) *red*; *yellow*, 2) *yellow*; *blue*, 3) *blue*; *red*, 4) *yellow*; *red*, 5) *blue*; *yellow*, 6) *red*; *blue*.
- Os alunos devem misturar as cores dos dois primeiros círculos para descobrir as cores secundárias: 1) *orange*, 2) *green*, 3) *purple*, 4) *orange*, 5) *green*, 6) *purple*.
- Faça com que os alunos percebam que a ordem das cores não importa quando formarem a cor secundária.
- Para finalizar, peça que os alunos digam as seis combinações em voz alta.

Activity 2

- Peça aos alunos que pintem a parte de cada círculo, que não se mescla com outro círculo, com as cores primárias *yellow*, *red* e *blue*.
- Em seguida, peça que pintem a parte de cada círculo que se mescla com outro círculo com as cores secundárias *orange*, *green* e *purple*, de acordo com os resultados obtidos no projeto e na atividade anterior.
- Para terminar, peça que pintem a parte dos círculos que mesclam entre si para descobrir a cor formada *brown*.

Activity 3

- Providencie um dado para a atividade.
- Os alunos deverão organizar-se em círculo. Um aluno deverá jogar o dado e dizer as cores correspondentes a cada número da atividade 1, e o aluno ao lado deverá dizer a cor formada pela mistura das duas cores. Por exemplo: se o aluno jogar o dado e cair 3, ele deve dizer: “blue and red”, e o parceiro deve responder: “blue and red make purple”.
